PRESS RELEASE

Marian Central Hosts Annual Open House

(Woodstock, IL) – On Sunday, November 20, 2011, Marian Central Catholic High School will open its doors to welcome the families and students who are interested in learning what our faith-based education has to offer them. The afternoon will begin at 1:00 p.m. with an administrator presentation in the auditorium. Guided building tours will follow until 3:00 p.m. where families will have the opportunity to speak with teachers, students and administrators, and discover the benefits of a Marian education.

There has never been a better time to be a part of the Marian community. The construction of our new 25,000 square-foot building addition is complete and classes are being held in the seven new state-of-the-art combination science classroom/laboratories and engineering classroom. The expansion of the guidance department is accommodating the daily visits by college representatives from around the country. Additionally, each year we update and expand technology in our classrooms; we extend the amount of financial assistance (over \$300,000 in 2011-12) available to our families; and our athletic and other co-curricular programs continue to thrive.

Marian Central welcomes 695 students each day, yet we exist as a comfortable and friendly community where students are valued and educated as whole persons. Classes are small enough for students to get to know each other, yet our student body is large enough that we can offer a varied and challenging college preparatory curriculum. Teachers and staff are dedicated to the intellectual, physical, religious, spiritual, and emotional growth of every student, and they strive to provide the attention, nurturing, and support necessary for a successful high school experience.

Each year, over ninety-eight percent of our graduating seniors go on to higher education. Additionally, the Class of 2011 received college scholarships totaling over \$13.5 million. Among our 193 graduates were 37 Illinois State Scholars and seven National Merit Commended Scholars. Together, the Class of 2011 earned a mean ACT score of 24.3.

Join us, Sunday, November 20 from 1:00-3:00 p.m., to discover the curriculum, programs, and opportunities Marian has to offer your student and your family.
